

# In A Rush

James Moody

It came over me in a rush  
When I realized that I love you so much  
That sometimes I cry, but I can't tell you why  
    Why I feel what I feel inside  
        How I try  
    To express what's been troublin' my mind  
        But still I can't find the words  
    But I know that something's got a hold of me  
        It came over me in a rush  
        When I realized that I love you so much  
        That sometimes I cry, but I can't tell you why  
        Why I feel what I feel inside  
    Baby, some day I'll find a way to say  
        Just what you mean to me  
        But if that day never comes along  
    And you don't hear this song, I guess you'll never know that  
        It came over me in a rush  
        When I realized that I love you so much  
        That sometimes I cry, but I can't tell you why  
  
    Why I feel what I'm feelin', feel what I feel inside  
        And when I say inside  
            I mean deep  
    You fill my soul and there's something I can't explain  
        It's over me, 'cause  
        It came over me in a rush  
        When I realized that I love you so much  
        That sometimes I cry, but I can't tell you why  
        Why I feel what I feel inside  
        It came over me in a rush  
        When I realized that I love you so much  
        That sometimes I cry, but I can't tell you why  
        Why I feel what I feel inside  
        It came over me in a rush  
        When I realized that I love you so much  
        That sometimes I cry, but I can't tell you why  
        Why I feel what I feel inside
