

Where Ya Going?

Gomez

Hello, my friend
How long have you been dying
To start out again?
Let's turn around and see the truth for [Incomprehensible]
See what you are trying for Now where you goin'?
Now where you goin'? Meet me now
Where you goin'?
'Cause everyone will follow you
Where you goin'?
Where you goin'? Hello, my friend
I'm seeing new horizons
I'm dreamin' of the end
Let's burn it down and spread the ash around
Nothin' here to guide us Now where you goin'?
Now where you goin'? Lead me now
Where you goin'?
'Cause everyone will follow you now Yeah, you should be dancin'
If you have the chance that
Is what we all will be doin' Yeah, into the future
Cut it all loose now
Instead you hold a steady line It's not the answer
Will you take a chance on
What we all should be doin' here? So many to lean on
Isn't my own reason
To why you hold the steady line Now where you goin'?
Now where you goin'?
Leave me high
Where you goin'?
'Cause everyone can take it on
Can take it away if they want to Hello
Hello
Hello
Hello
