Lost and Found

Randy Rogers Band

Day after day I tell myself
You never meant the words that you said
And night after night I lie here alone
Can't get you out of my head
Like a fool I let our love slip away
Left me here what more can I sayMiss my chance, I lost my turn
My ship sank, I crashed and burned
Broke your heart then I let myself down
Lost the fight, I lost the game
Now there's only me left to blame
If you wander where I am check the lost and foundTime after time well I feel short
Of the man you needed me to be
Lie after lie, I left you no choice
But to pack your clothes and leave
I've got to much pride to beg you to stay
Before you go just let me sayI miss my chance, I lost my turn
My ship sank, I crashed and burned
Broke your heart then I let myself down
Lost the fight, I lost the game
Now there's only me left to blame
If you wander where I am check the lost and foundMy ship sank , I crashed and burned
Broke your heart then I let myself down
Lost the fight, I lost the game
Now there's only me left to blame
If you wander where I am, check the lost and found
If you want to find me
