

The Gravedigger's Song

Mark Lanegan

With piranha teeth
I been dreaming of you
And the taste of your love so sweet
Honest its true Through my heart flows sleep
And the dark heavy rain
Where the gravediggers song is sung
Youve been torturing me Tout est noir, mon amour
Tout est blanc
Je taime, mon amour
Comme j'aime la nuit Love, is the medicine good?
Is the crow flying eight miles high?
Over wire and wood Shovel down six feet
With a head heavy pain
The magnolia blooms so sweet
And it fades just the same To the stars my love
To the sea
To the wheels my love
Till they roll all over me Oh love, i been thnking of you
With razor white teeth so sharp
Honest its true In my blood flows sleep
And the dark heavy rain
The magnolia blooms so sweet
Only torturing me To the stars my love
To the sea
To the wheels my love
Till they roll all over me
