

# Get Over You

[Mcfly](#)

She was looking kinda sad and lonely  
And I was thinking to myself if only  
She'd give me a smile but  
It's not gonna happen that way So I took it upon myself to ask her  
Would you like company and maybe after  
We could talk a while but  
I just don't know what to say 'Cause you've got all the things that I've wanted  
And I just can't explain so  
Help me, babe, I gotta get over you Now and then she looks in my direction  
I'm hoping for a sign of her affection  
But she's in denial and  
She's got some worries today But I think if she'd give me a chance  
I'll pleasantly surprise but  
Help me, babe, I gotta get over you She has everything that she wants  
And I just can't explain so  
Help me, babe, I gotta get over  
Help me, babe, I gotta get over  
Help me, babe, I gotta get over you
