

# Bag for Life

Micky P Kerr

I can't believe I've lost you,  
I can't believe you've gone,  
I need you to know that,  
you did nothing wrong!

The first time I saw you,  
Just hanging there,  
The checkout lady said,  
"Do you wanna buy one of these?",  
And I said,  
"All right, go on then, yeah.",

You were my Bag for Life,  
Suppose to be forever,  
Bag for Life,  
We could've saved the world together,

But now I've lost you,  
And Yes I've payed the price,

(Yeah Yeah)

You cost all most ten pence,  
and I only used you twice,

Still hope to find you,  
With a stroke of luck,  
I'm covered in my cupboard,  
In the corner scrambled up,

But now reality is slowly sinking in,

(oh no!)

It's hardly likely that I placed you in the bin,

You were my Bag for Life,

(From Tesco)

Bag for Life,  
I'll never buy another,  
Bag for Life,  
You know I loved you like no other,

When the checkout lady says,  
"Do you want any help with your packing?",  
I'll tell her,  
"No, no I'll be all right.",  
But inside I will be cracking,

The other bags I used compared to you are crap,
