

Luminous

Robert Musso

Luminous Lyrics

We see the day trying to fight it
It's all in vain, cause we know the
night wins

But we don't care, we'll fight it
up like a flare

It's so unreal, the light that
you're shining

You make me feel like the darkness
won't matter

Cause you and i don't care when
the day is gone

We don't need the break of dawn

We don't need the break of dawn

(Chorus x2)

And i will always know where you are

Cause i can see you glow in the dark

We got the stars and moon in us

We're always gonna be luminous

The world is frozen, your body's warm

We fall out of our bed the city falls
asleep and we're reborn

Won't bother to seize the day

We don't care, no, cause

We own the night,

As soon as you kiss me

The sun'll hide

Ain't gonna miss it

Cause you and I don't care when the
day is gone

We don't need the break of dawn

(Chorus x2)
