Goodbye Freedom, Hello Mom

Scatterbrain

We'll ban that book and T.V. show,
Forget that movie, no you can't go.
Can't sell that record, don't like that song.
We know what's right we know what's wrong.
Can't have abortions, what's yours ain't yours,
Just obey the laws.
Too young to drink, say no to drugs
We'll take your piss and blood.'All the world's a stage you get the lead.
Ain't no way I'm gonna play the part of the fool,
There ain't no way man - no way!'Bikers wear helmets, cars safety belts
You might hurt yourself.
We're watching out, We're watching out
We're watching out for you...Well the new right's been at work some time
They ain't so new no more
Can you hear 'em knockin'
Knockin' down your door.
1984 has past, forget about Big Brother,
Welcome to the 90's where the government's your
mother.They'll tell you - don't do that.
They'll try and tell you - it's for your own good.
Big Mother is watching you
Mother's protecting you
Mommy knows what's right for youThey force their will on all the rest
They got the power, they know what's best.
The high court is stacked to the right
Old man on the left won't live through the night.They'll tell you - don't do that
They'll try and tell you - it's for your own good
Big Mother is watching you
Mother's protecting you
Mommy knows what's right for you...
Goodbye Freedom, Hello Mom
The Bill of Rights just disappeared
There it is - whoops it's gone!
Goodbye Freedom, Hello Mom
All your rights just disappeared
Everybody stay calm.First amendment casualties, but they won't be the
last,
Kiss the Bill of Rights goodbye it's disappearing
fast.They'll tell you - don't do that

They'll try and tell you - it's for your own good
Big Mother is watching you
Mother's protecting you
Mommy knows what's right for you...
Goodbye Freedom, Hello Mom
The Bill of Rights just disappeared
There it is - whoops it's gone!
Goodbye Freedom, Hello Mom
All your rights just disappeared
Everybody stay calm.
