

# Don't You Want It

## Five

Don't you want it, can't you feel it?  
There's something in the air tonight  
10, 9, 8, 7, 6, 5 Don't you want it?  
Now, hitting on the dance floor, what's it all about  
Girl I give it all, make me feel high  
10, 9, 8, 7, 6, 5, time to turn it up  
Cos you're getting hot Why do we bring the flow so raw  
Make you wanna dance so get on the floor  
It's all about the monie, what time to get down  
And get da honeys, yo Scott Baby I can make the nights last forever  
And I can make you satisfied  
So if you feel like coming together  
It's something that you must decide Don't you want it, don't you need it?  
I can give it all and I mean it  
Don't you want it, can't you feel it?  
There's something in the air tonight Rising from the depths, I confess baby  
I can hit you off got a super on my chest  
Nothing but the very best  
What you need and you best believe it  
Tell that you're feeling, the hand that I'm dealing Never hear me lack upon a track, style and whicky whack  
But you gotta savour that a roller coaster ride  
Baby come and climb upon a  
Ruggedness I've shown it, tell me don't you want it Baby I can make the sun shine forever  
I know you've heard it all before  
(Heard it all before)  
But if you feel like coming together  
All of this will be yours Don't you want it, don't you need it?  
I can give it all and I mean it  
Don't you want it, can't you feel it?  
There's something in the air tonight I got everything you want  
Baby, everything you need now  
I can give it all I got everything you want  
Baby, everything you need now  
Don't you want don't you? Don't you want it?  
Don't you need it?  
(Don't you want it, you want it?)  
(Don't you need it, you need it?)  
Don't you want it?  
Can't you feel it?

10, 9, 8, 7, 6, 5 Don't you want it?  
Don't you need it?  
I can give it all and I mean it Don't you want it?  
Can't you feel it?  
There's something in the air tonight Don't you want it?  
(Don't you want it?)  
Don't you need it?  
(Don't you need it?)  
I can give it all and I mean it  
(I can give it all) Don't you want it?  
(Don't you want it?)  
Can't you feel it?  
(Can't you feel it?)  
There's something in the air tonight
