

A Dream

Cut Copy

You think my life's a dream.
I'm dreaming my life away.
You think my life's a dream.
I'm dreaming my life away.
Run, run in circles, barely running.

You think my life's a dream.
I'm dreaming my life away.
Barely running.
You think my life's a dream.
You think my life's a dream.
You think my life's a dream.
You think my life's a dream.
