

Half a Chance

E-Z Rollers

wasn't it you who have said
if we had a problem we should talk it out
don't give up on me now
wait hold up just sit down
promises that i made in the past
are broken so many times
but girl dig deep inside
i'm hoping that you'll find
forgivness in your heart
let's go back to the start
i'll be the man that you fell in love with
you'll make it thru the rain
i'll make you trust again
i know i can do it
[Chorus]just give me half a chance
to make you believe again
half a chance
i'm ready to make you change
half a chance
to be your man, to understand
and love you again
just give me half a chance
i know i can do it
half a chance
girl just let me prove it
half a chance
i'm really to start a fight
girl i'll pay the highest price
i know i can make it right
just give me half a chance
half a chance yea
baby wait don't say a word
hold on just let me finish
so you wanna give up on this relationship
'cause you're a hot stuff in it
and girl it kills me inside
that you don't feel the same
i'll do whatever it takes

to make you love me again

[Chorus]just give me half a chance

to make you believe again

half a chance

i'm ready to make you change

half a chance

to be your man, to understand

and love you again

just give me half a chance

i know i can do it

half a chance

girl just let me prove it

half a chance

i'm really to start a fight

girl i'll pay the highest price

i know i can make it right

just give me half a chance

i know it's been wrong too much

i know it's gonna take some times

to let me find the way back to your love

if i gotta start from the bottom

and that's what i'll do

i'll make my way to the top

i got so much to prove

i won't throw in the towel

i'm not letting you down

girl you're gonna see

just give me half a chance

to make you believe again

half a chance

i'm ready to make you change

half a chance

to be your man, to understand

and love you again

just give me half a chance

i know i can do it

half a chance

girl just let me prove it

half a chance

i'm really to start a fight

girl i'll pay the highest price

i know i can make it right

just give me half a chance
