

My Love

Cher

I heard you want to be somebody
But you are already shining on me
She tried to make you feel so lonely
But you can be my one and only love
My love
My love
You can be my love
My love
My love You have got the dreams to go on
Take a step and look towards the sun
It doesn't matter where you've come from
Here is where you'll always be the one I love, my love You are not alone
'cause I've found a place where
You can belong
Somewhere you know you can run to
So if you need me to hold you
You can be my love If you can only see what I see
I'm dazzled by the beauty in front of me
So if you want to know how I feel
I feel like you were meant to be my love
My love
My love You are not alone
cause I've found a place where
You can belong
Somewhere you know you can run to
So if you need me to hold you
You can be my love I know you wanna be somebody
You can take your time
You're with me
I can feel your heart beating through me
Feel like we were meant to be
My love
My love
My love
You can be my love
My love
My love
