

# The Witch Is Dead

## The Frankenstein Drag Queens from Planet 13

It's getting dark as the Devil's heart  
If he has one  
I'd shed my skin just to do it again  
If I had some  
I'm catching rays in the cold moon  
Light... And get a skele-tan  
It's open casket invitation tonight  
So let the show beginDing dong the witch is deadThe witch is dead it's the ghouls night out  
There's vacancy in the haunted house  
You can check in but you won't check  
Out... So scream AHHHH!!!The zipper's broke on the body bag  
That just makes it easy  
Propose a toast to all the ghoulscouts  
This one's on me  
Just tie her up and throw her on the stake  
Her eyes are open wide  
It's hard to stir in your witches brew  
When your Kentucky fried...
