My Bestfriend Ana (Original)

Daisy Phillips

my best friend Ana whispered in my ear
the words A wanted to hear, my dear
just shut your mouth and stand tall
don't let it break you, her smile grew
as she said
once on your lips is forever on your hips
my best friend Ana shouting in my ear
no don't you worry we're all sinister here
I know I see what you see
starvation will never break me
because
once on your lips is forever on your hips
my best friend Ana told me
you told a lie about me
that I won't let it break me
Ana
I'm getting smaller Ana
inch by inch smaller Ana
this can't be healthy Ana
she said I'd like to see you leave
you're lost without me
god, help me get out
oh lord, help me get out
Ana we're not friends no more
you're makin' me sick
oh help me get out
oh god, help me get out
Ana we're not friends no more
makin' me sick
but
once on your lips
is forever on your hips
