Between the Raindrops (feat. Natasha Bedingfield)

Lifehouse

Look around
There's no one but you and me
Right here and now
The way it was meant to be
There's a smile on my face
Knowing that together everything that's in our way
We're better than alrightWalking between the raindrops
Riding the aftershock beside you
Off into the sunset
Living like there's nothing left to lose
Chasing after gold mines
Crossing the fine lines we knew
Hold on and take a breath
I'll be here every step
Walking between the raindrops with youTake me now
The world's such a crazy place
When the walls come down
You'll know I'm here to stay
There's nothing I would change
Knowing that together everything that's in our way
We're better than alrightWalking between the raindrops
Riding the aftershock beside you
Off into the sunset
Living like there's nothing left to lose
Chasing after gold mines
Crossing the fine lines we knew
Hold on and take a breath
I'll be here every step
Walking between the raindrops with youThere's a smile on my face
Knowing that together everything that's in our way
We're better than alrightWalking between the raindrops
Riding the aftershock beside you
Off into the sunset
Living like there's nothing left to lose
Chasing after gold mines
Crossing the fine lines we knew
Hold on and take a breath
I'll be here every step
Walking between the raindrops with you

Between the raindrops with you
Between the raindrops with youBetween the raindrops with you
