Top Of The Charts

Mxpx

They said, ?We need to kick it harder?
They said, ?Rewrite the lyrics smarter?
We can't quite smell platinum yet
'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery
From the bottom of our hearts to the top of the charts
They said, ?You need to play it better?
They said, ?Just sing like Eddie Vedder?
And bring us something we can sell
'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery
'Cause everybody wants to be like the people on TV
Everybody wants to see the show for free

From the bottom of our hearts to the top of the charts
Somebody said it right
When they said, this life ain't easy
Maybe tonight's the night
When it all comes down and we get it right
'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery
'Cause everybody wants to be like the people on TV
Everybody wants to see the show for free
From the bottom of our hearts to the top of the charts
From the bottom of our hearts to the top of the charts
From the bottom of our hearts to the top of the charts
