

# Top Of The Charts

[Mxpx](#)

They said, 'We need to kick it harder?  
They said, 'Rewrite the lyrics smarter?  
We can't quite smell platinum yet  
'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery  
From the bottom of our hearts to the top of the charts  
They said, 'You need to play it better?  
They said, 'Just sing like Eddie Vedder?  
And bring us something we can sell  
'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery  
'Cause everybody wants to be like the people on TV  
Everybody wants to see the show for free

From the bottom of our hearts to the top of the charts  
Somebody said it right  
When they said, this life ain't easy  
Maybe tonight's the night  
When it all comes down and we get it right  
'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery  
'Cause everybody wants to be like the people on TV  
Everybody wants to see the show for free  
From the bottom of our hearts to the top of the charts  
From the bottom of our hearts to the top of the charts  
From the bottom of our hearts to the top of the charts
