

Pillars of Eternity

Down

Crumblin' world falls through my hands
In my mouth, taste bitter sand
Grass is burnin', pulse is slow
Drip by drip, my backward growth
CrawlFade, fade, I hate
I'll die within my fadeWine, song, women, birth
This deflowered Mother Earth
Planting, plowing, how she grieves
Seeds that grow, seeds that grow these dying trees
CrawlFade, fade, I hate
I'll die within my fade
True
CrawlFade, fade, I hate
I'll die within my fade
