You Move Me

She Craves

Come on baby let's go
I got some tunes to play don't you know
You're gonna be so lalalala inspired

Get in, I rolled up to your place, I ain't waiting
Want to see if you're playing
Games or your lies or your eyes or my hand on your thighs, yeah

I get the feeling that I'm always in the back of your ride
I get the feeling that I'm always on the outside

Hey, hey, hey
You move me, you move me
Hey, hey, hey
You move me, you move me, you move me

Come on baby let's ride
The weather's nice and I'm waiting outside
You're gonna make me wait a long, long, long, long time

Just go, put your foot on the gas and let's roll
Making me loose all control
I can free your heart, your mind, and your soul, oh

I get the feeling that I'm always in the back of your ride
I get the feeling that I'm always on the outside

Hey, hey, hey
You move me, you move me
Hey, hey, hey
You move me, you move me, you move me

I get the feeling that I'm always in the back of your ride
I get the feeling that I'm always on the outside
I'd rather take you to a place where you have never been
I'd rather show you're not like them

Hey, hey, hey
You move me
Hey, hey, hey

You move me, you move me, you move me
You move me, you move me, you move me
Yeah, yeah, yeah, yeah
