

# Want Some, Need Some

## Poison

All my friends have someone  
I want someone too  
Someone to hold the whole night through I need a lover  
Someone like you  
Someone to make my dreams come true Maybe if I close my eyes, well  
Everything will be alright  
'Cause I don't wanna be alone  
No more, baby I want some  
I need some  
Anybody, somebody  
Someone custom built for me  
I want some  
I need some  
Whole lotta lovin' satisfaction guaranteed I wake in the mornin'  
And wrap my arms around no one  
Well that no one could be someone meant for me So I jump out of my bed  
And throw my hands on my head  
And scream I need a lover just for me Maybe if I close my eyes well  
Everything will be alright  
'Cause I don't wanna be alone  
I know that baby I want some  
I need some  
Anybody, somebody  
Someone custom built for me  
I want some  
I need some  
Whole lotta lovin' satisfaction guaranteed I want some  
I need some  
Anybody, somebody  
Someone custom built for me  
I want some  
I need some  
Whole lotta lovin' satisfaction guaranteed I want some  
I need some  
Anybody, somebody  
Someone custom built for me  
I want some  
I need some  
Whole lotta lovin' satisfaction guaranteed I want some

I need some  
Anybody, somebody  
Someone custom built for me
