It's Magical

Colin Blunstone

IT'S MAGICAL
BallardAnd just to know you're there
The world could stop turning, I wouldn't care
This feeling of ecstasy
Just knowing you're standing so close to me
You set my spirit on fire
Every minute the flame's growing higher.It's magical (magical) magical (magical)
Speak my name (speak my name) and mountains fall (mountains fall)
It's magical, it's magical.
No matter where I go, you are there
I feel your presence so
And when I go to sleep
All the dreams of you are mine to keep
I may be right, I may be wrong
But I'm blessed the day you came along.It's magical (magical) magical (magical)
Speak my name (speak my name) and mountains fall (mountains fall)
It's magical, it's magical.It's magical.It's magical (magical) magical (magical)
Speak my name (speak my name) and mountains fall (mountains fall)
(It's magical, it's magical).
It's magical (magical) magical (magical)
Speak my name (speak my name) and mountains fall (mountains fall)
(It's magical, it's magical).No matter where I go (magical) you are there, I feel your presence so (magical)
And when I go to sleep (speak my name) all the dreams of you are mine to keep (mountains fall)
(It's magical, it's magical).
