

Devil's Hole Girls - Tobias Enhus Remix

[Rob Zombie](#)

Flesh to mouth and lust to fist
Tell me, tell me, tell me the answer
A bloody girl with a red right twist
Lover, lover, you ain't no dancer
Rising to the sounds I scorn
"Alive", she cried, and we are born Dreaming be damned this is control
Awaken your mind, yeah, awaken your soul
Dreaming be damned this is control
Raping your mind, yeah, raping your soul Devil's hole, the girls are one
Burning in the desert sun Don't you, don't you want me to love you
A triumph of irrational thought
I'm miles and miles and miles above you
"Silence all! The beast is caught!"
Rising to the sounds I scorn
"Alive", she cried, and we are born Dreaming be damned this is control
Awaken your mind, yeah, awaken your soul
Dreaming be damned this is control
Raping your mind, yeah, raping your soul Devil's hole, the girls are one
Burning in the desert sun Be the solution, big revolution
Be the solution, big revolution Flesh to mouth and lust to fist
Tell me, tell me, tell me the answer
A bloody girl with a red right twist
Lover, lover, you ain't no dancer
Rising to the sounds I scorn
"Alive", she cried, and we are born Dreaming be damned this is control
Awaken your mind, yeah, awaken your soul
Dreaming be damned this is control
Raping your mind, yeah, raping your soul Devil's hole, the girls are one
Burning in the desert sun Be the solution, big revolution
Be the solution, big revolution
