Fallen Star

LaToiya Williams

I never said that you had to offer the world to me
I didn't think that you could, no
I can't recall asking you to promise these things to me
I didn't think that you should, noNo one could ever persuade me from comin? around too long
Even though it sounds, sounds so good
But good is only as good as {How much you give me, boy}
But there is not too much that I can see, what happenedWhat happened to the way (We used to be)
You used to love me, baby (Yeah)
I wish down deep to find a way (To bring it back to me)
No chance for love (When there's no guarantee)
My mother said we need to wait
I wish that we could find a way (To bring it back to me)You promised me Saturn, Venus and Mars
But all I got was bulls*** and a fallen star (Fallen star)
Out of this world (Yeah...), galaxy so far (So far)
Constellation tells me it?s not from the heartSomething tells me it?s not really (Meant to be you and me)
Boy, you kill me with those silly (Games you play)
So I prepare myself for the worse, so when it comes
I will surely understand, but please tell me, what happenedWhat happened to the way (We used to be)
You used to love me, baby (Hey...)
I wish down deep to find a way (To bring it back to me)
No chance for love (When there's no guarantee)
My mother said we need to wait
I wish that we could find a way (You promised me)You promised me Saturn, Venus and Mars
But all I got was bulls*** and a fallen star (Out of this world)
Out of this world, galaxy so far (Oh...)
Constellation tells me it's not from the heart (You promised me)You promised me Saturn, Venus and Mars
But all I got was bulls*** and a fallen star (Out of this world)
Out of this world (Galaxy), galaxy (So far) so far (So far)
Constellation tells me it?s not from the heart (You promised me, you promised me)Something tells me it?s not really
Boy, you kill me with those silly
Something tells me it?s not really
Boy, you kill me with those sillyWhoa...ho...
Whoa
You promised me, darling
You, you
Yeah...
