

Walk Without Limbs

Virgin Black

a thousand miles I'm go before i cant going back its hard me to forget it
there is something i will miss it
yesterday is come
wondering why i have to smile
and i adore you oh baby
forever, you make me stuck in here
even i try to be smart for you
even i try to be everything for you
sorry i lie to you
if every time i say i missing you
maybe that's what i found
him in my life you should know its hard to me
believe me, i hope you understand
if all going past
so let me in your side maybe for last time
so let me kiss your lips and say goodbye oh dear
its will be end for us
its ok sometime i have to learn something about anything
its alright if you say enough but don't worry i still be your all eternity
Shut up your mouth, please don't say anything
you just make me crying
Its hurt me, why you jut not hate me
if you know I lie to you
For everything a reason need explain if you understand
