

# She Sings in the Morning

## Pierce The Veil

Wake up  
A voice hits the air on a lonely coast  
And I'll sing along like a prayer for you  
I can dream up the words  
I'll never see your face again If we wake at  
If we wake at all  
She sings to me  
If we wake at  
If we wake at all  
We'll try to change They say love will never mean a thing  
Still our hearts beat  
So come on  
So stuck on the only thing that we know  
What we know starts to waste If we wake at  
If we wake at all  
She sings to me  
Can we be sure  
If we wake at  
If we wake at all  
Oh my God
