

Split Second Decision

Futurisk

It's been so long since you last died.
Last time was the hardest you ever tried
To build a ladder from the Earth to the sky.
Is that the one way you'll be recognized?

We moved in sequence too confusing to memorize.
You had your proof but we had our alabis.
Don't you remember how your mother told you many times,
Just last October, a quote in the New York Times?

Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.
Every other day.
Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.
Every other day.

Some animals sport voracious appetites.
Precision Huntress took me by surprise.
I was invited to become her prey, I saw her almost every other day.

We moved in sequence too confusing to memorize,
You had your proof but we had our alabis.
Don't you remember how your mother told you many times,
Just last October, a quote in the New York Times.
Split Second Decision, look 'round, think twice, jump back and make a...

Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.
Every other day, every other day, every other day, every other day.
Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.
Every other day, every other day, every other day.

Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.
Every other day, every other day, every other day, every other day.
Split second decision, a toss of the coin,
A throw of the dice, look 'round think twice and throw your life away.

Every other day.
