

Straight Cold Player

[Lenny Kravitz](#)

I'm a straight cold player
Just a straight cold player
Straight cold player I'm just a straight cold player
I'm just a straight cold player
Straight cold player I'm a straight cold player
I'm just a straight cold player
Straight cold player I'm just a straight cold player, player
Straight cold player
Just a straight cold player Straight cold player
I'm just a straight cold player
Straight cold player Just a straight cold player
Straight cold player
