Lights Down Low

MAX

[Verse 1]
Heaven only knows where you've been
But I don't really need to know
I know where you're gonna go
On my heart where you're resting your head
And you just look so beautiful
It's like you were an angel[Pre Chorus]
Can I stop the flow of time?
Can I swim in your Devine?
Cause I don't think I'd ever leave this place[Chorus]
(Oh)
Turn the lights turn the lights down low
(Yeah)
Now I'm feeling you breathing slow
Cause baby we're just reckless kids
Trying to find an island in the flood
(Oh)
Turn the lights turn the lights down low, oh[Verse 2]
Under heavy skies in the rain
You're dancing in your bare feet
Just like we're in a movie
Grab my hand and we're chasing the train
Catch you looking back at me
Running through a cloud of steam[Pre Chorus]
Can I stop the flow of time?
Can I swim in your Devine?
Cause I don't think I'd ever leave this place[Chorus]
(Oh)
Turn the lights turn the lights down low
(Yeah)
Now I'm feeling you breathing slow
Cause baby we're just reckless kids
Trying to find an island in the flood
(Oh)
Turn the lights turn the lights down low, oh[Hook]
And I will give you everything baby
But can you feel this energy taking?
You can have the best of me baby
And I will give you anything

Can you feel this energy taking?
You can have the best of me baby[Chorus]
(Oh)
Turn the lights turn the lights down low
(Yeah)
Now I'm feeling you breathing slow
(Oh)
Turn the lights turn the lights down low
(Yeah)
Now I'm feeling you breathing slow
Cause baby we're just reckless kids
Trying to find an island in the flood
(Oh)
Turn the lights turn the lights down low, oh
