

# Permission

Ro James

Oh, oh, oh  
With your permission  
I just wanna spend a little time with you, ooh  
With your permission  
Tonight I wanna be a little me on you, oh yeah  
With your permission  
I wanna spend the night sleeping on you  
You know what I'm talking about baby, yeah  
Now it's time for you to show me what it's hitting for  
Sip a little jack, maybe blow a little draw  
Love you from behind but I hate to see you go Oh hoo  
Come on give me that green light  
And you can let your hair hang down  
But only if it feels right  
Oh oh, give me that green light  
I need you to give me that green light With your permission  
I just wanna put a little smile up you, ooh  
With your permission  
There's a whole lot of motherfucker love in quick passed through  
I owe you  
With your permission  
I'ma do all the things that I said I'm gonna do  
You know what I'm talking about baby, yeah  
Now it's time for you to show me what it's hitting for  
Sip a little jack, maybe blow a little draw  
Love you from behind but I hate to see you go Come on give me that green light  
And you can let your hair hang down  
But only if it feels right  
Oh oh, give me that green light  
I need you to give me that green light Can you feel it, can you feel it  
Give it to me like you already made me forget it  
I can feel it, can you feel it?  
Give it to me like you already made me forget it babe  
Ain't no pressure, it's all on you  
There's attention, we must to  
Green light special, girl you're special  
You're a blessing, so let me bless you So give me that green light, green light  
Don't you say no  
(Baby I can't stop, won't stop)

Until you say it's so)  
Give me that green light, green light  
Don't you say no  
(Baby I can't stop, won't stop  
Until you say it's so)  
Come on and give me that green light  
Come on and give me  
Come on and give me that green lightCome on give me that green light  
And you can let your hair hang down  
But only if it feels right  
But only if it feels right oh oh give me  
Give me that green light babe  
I need you to give me that green light
