Loved You First

One Direction

Girl, it should be me
Driving to your house
Knocking on your door
Kissing you on the mouth
Holding on your hand
Dancing in the dark
'Cause I was the only one who loved you from the startBut now when I see you with him it
Tears my world apartBecause,
I've been waiting
All this time to finally say it
But now I see your heart's been taken
And nothing could be worse
Baby, I loved you first.
Had my chances
Could've been where he is standing
That's what hurts the most,
Girl, I came so close
But now you'll never know
Baby, I loved you first (I loved you first, loved you first)Girl, it should be me
Calling on your phone
Saying you're the one, and that I'll never let you go
I never understood, what love was really like,
But I felt it for the first time looking in your eyes
But now when I see you with him
My whole world falls apartBecause,
I've been waiting
All this time to finally say it
But now I see your heart's been taken
And nothing could be worse
Baby, I loved you first.
Had my chances
Could've been where he is standing
That's what hurts the most
Girl, I came so close
But now you'll never know
Baby, I loved you firstThe first touch
The first kiss
First girl to make me feel like this
Heartbreak

It's killing me

I loved you first, why can't you see?I've been waiting all this time to finally say it

But now I see your heart's been taken

And nothing could be worse

Baby, I loved you first.Had my chances

Could've been where he is standing

That's what hurts the most

Girl, I came so close

But now you'll never know

Baby, I loved you firstBaby, I loved you first

Baby, I loved you first

Oh, yeah

Baby, I loved you first
