

# Far Gone

## Musiq Soulchild

Always thought I'd never ever see the end of you and me, girl  
Always never seemed to last forever in this imperfect world  
No, even through all the acceptance of all the imperfections between you and I  
Still [?] to get us right, noHey, see neither one of us know what to do, here we are now, no  
Always scared, wanna change but we just don't know how, no  
Cause things got too bad and we said too much  
I think this might be the end for us  
Unless you can tell me if it's possibleCan we get back  
What we've lost  
Are we too far gone  
To turn it around now  
Can we get back  
What we've lost  
Are we too far gone  
To turn it around nowI really thought it would be you and me  
Until the end of both of our lives, hey  
Especially how we used to kick it all through the day  
And how we used to do it all night  
Now, things have changed so much that it's almost  
As if we're not even together anymoreAlways at each other like we got the answers but  
(Neither one of us know what to do, here we are now)  
Don't wanna apologize or let it go  
(Always scared, wanna change but we just don't know how)  
Don't know who's right or wrong  
Cause things got too bad and we said too much  
I think this might be the end for us  
Unless you can tell me if it's possibleCan we get back  
What we've lost  
Are we too far gone  
To turn it around  
Can we get back  
What we've lost  
Are we too far gone  
Tell me how did we get so far, girlTell me again, what we fighting for  
Some days, we just angry, I don't know no more  
Going through the motions, ain't fixing nothing  
I could only take your company in smaller doses  
Looking back on badder days, Sunday to Saturdays  
I was all weak for love, now we always agitated

I ain't the same person, you ain't the same person  
We used to love each other, we both had the same purpose  
I recite [?] to help me explain that  
That was the making of you, and one thing I noticed  
Is the other side, your side of the bed seems colder  
Time seems to slip by now a lot more slower, you know  
They say it flies when you're having fun  
And I love you too much to say that we over  
But I ask myself a lot, why we holding on  
We trying but it don't seem to be working out for nothing But we try, but we try  
But we try again now  
It's all right, it's all right  
But it seems like you and me can never  
Can never love never dies, no  
All we gotta do is (put some new life into it)  
If you're really trying to do this  
If it's real love and it's worth it  
Just gotta prove it now  
Just got me and you  
Ain't really nothing to it  
So let it go, but if not  
See about us  
Tell me baby Can we get back  
What we've lost  
Are we too far gone  
To turn it around  
Can we get back  
What we've lost  
Are we too far gone  
Oh I just wanna know  
Can we get back  
What we've lost  
Are we too far gone  
I just wanna know  
Can we get back  
What we've lost  
Are we too far gone Any ho call up, I just hang up  
I confront you about it, but you don't know it much  
Uh, I could be somewhere else, hanging with my girls  
Chilling with my girls but I'm trying  
I'm really really trying  
And I feel every day like my love let me die  
I keep eyeing you, but I don't feel emotion  
I don't say love, I don't think we gonna  
Make it make it make it make it no more, eh?

Make it make it make it make it no more, eh?  
Make it make it make it make it no more, eh?  
Make it make it make it make it no more, eh?  
Tears in the bucket, I'm tired of fighting you  
And I feel like, I'm tired of fighting you  
Nigga feel like chucking hard out the window, uh?
