

# S.O.M. (Album Version)

## Static-X

Can I not be taken  
Such extremes have you whispered  
The intent of your darker  
Notions always remember  
I have seen , symptoms of mercy  
Drag on the fighting  
Try to seduce me  
Try to seduce me  
Remember  
Remember  
Surrounded, .....?  
Surrounded,.....?  
Surrounded,.....?  
Surrounded, .....?  
Kiss me, kiss this  
I don't remember  
Three years, free tears  
What's wrong  
I'm deaf  
I feel  
I hear  
Never for nothing  
I'm much I am  
No one remember  
Remember  
Remember
