## Marla Sgro

### GIVE A LITTLE TIME

#### Verse1:

I remember a time when life decided to ship me to the lost and found.  
And I talked with a lady on a 800 line about getting my feet on the ground.

I told her â€œIâ€™ve been through every religious pathway  
a person could possibly be. And I donâ€™t have the funds to thank you enough  
for the advice that youâ€™ve given to me.â€•

#### Chorus:

And she said,  
â€œOh, oh, oh, give a little.  
Give a little time if you donâ€™t have the money.  
Oh, oh, oh, give a little.  
Give a little timeâ€•.

#### Verse2:

Now the bill collectors are calling on the phone and the gasman is at my door. Inflations high and gas is on the rise. Everybodyâ€™s wanting more. Now Iâ€™m just a woman of 24 years and I donâ€™t like to waste a dime. But the way to get is to learn how to give. Greed is such a crime.

Chorus  
And she said,  
â€œOh, oh, oh, give a little.  
Give a little time if you donâ€™t have the money.  
Oh, oh, oh, give a little.  
Give a little timeâ€•.

#### Break

Verse3: Now you can call me independent cause Iâ€™m living out on my own.  
But if it werenâ€™t for my family and my friends I donâ€™t know what I would have done. Now I donâ€™t believe in all but there are times when you can really need. So when I think of this I remember the words that lady said to me.

Chorus  
And she said,  
â€œOh, oh, oh, give a little,  
Give a little time if you donâ€™t have the money.

Oh, oh, oh, give a little. Give a little time•.
