

It's Our Time

Peter Raeburn

kickin' it back and forth
brotherly for the best of us
never to be alone
talkin' about those days
playin' around always
takin' stock of what we've got

CHORUS:

and there's no ceiling to this sky
as our times will always shine
all the places that we find
it's our time

and there's no ceiling to this sky
stretching back and forth and wide
it's our time

HOOK:

i kickin it
i breathin it
i feeling it
i needin it
blowin' it
knowing it
i giving it
i showin' it

never be gone our lives
feeling you right there by my side
flock of geese that need to fly

laughin' about our dreams
dreamin' of all lost schemes
ridin' high from what we see

CHORUS:

and there's no ceiling to this sky
as our times will always shine
all the places that we find

it's our time

and there's no ceiling to this sky
stretching back and forth and wide
it's our time

HOOK:

i kickin it
i breathin it
i feeling it
i needin it
blowin' it
knowing it
i giving it
i showin' it

HOOK:

i kickin it
(it's our time)
i breathin it
(it's our time)
i feeling it
(to breathe alive)
i needin it
blowin' it
(it's our time)
knowing it
(it's our time)
i giving it
(to breathe alive)
i showin' it

CHORUS:

and there's no ceiling to this sky
as our times will always shine
all the places that we find
it's our time

and there's no ceiling to this sky
stretching back and forth and wide
it's our time

HOOK:

i kickin it
i breathin it
i feeling it

i needin' it
blowin' it
knowin' it
i givin' it
i showin' it

HOOK:

i kickin' it
i breathin' it
i feelin' it
i needin' it
blowin' it
knowin' it
i givin' it
i showin' it
