Well...All Right

Blind Faith

Well all right, so I'm being foolish
Well all right, let people know
About the dreams and wishes you wish
And the night when lights are lowWell all right, well all right
We'll live and love with all our might
Well all right, well all right
Our lifetime love will be all rightWell all right, so I'm going steady
It's all right when people say
That those foolish kids can't be ready
For the love that comes their wayWell all right, well all right
We'll live and love with all our might
Well all right, well all right
Our lifetime love will be all rightWell all right, well all right
We'll live and love with all our might
Well all right, well all right
Our lifetime love will be all right
