

Can't Stop The Love (ft. Snob Scrilla)

Neon Jungle

When we turn on our TV, it hits us with heartache
And the cycle we can see is more buyers, more hate
What legacy will we leave for the ones that come after?
All I see in front of me, unnatural disaster
But then I see one, it

only takes one

Smile, one smile to break through

And then I see one, it only takes one

Hand to reach out and help you
No bullet, no gun

Can't stop the love, can't stop the love

Nobody, no one

Can't stop the love, can't stop the love
Can you feel it? Can you feel it?

Can you feel it? Can you feel it, the love?

We get taught the colour of our skin is what we're defined by
There's too many kids suffering and for that dumb

dollar made die
No bullet, no gun

Can't stop the love, can't stop the love

Nobody, no one

Can't stop the love, can't stop the love
Can you feel it? Can you feel it?

Can you feel it? Can you feel it, the love?
So Mr. Officer, Officer, what's the crowd of the proficient?

Promised to be serving people but you're serving the dollar sign

Attacking many killers, they're knocking down the buildings

See, I ain't no ODP, meaning that they're not for the children

KKK, what's really going on? Past yourself when you hear the song

Oh, we living in a nation that's promoting segregation

Before you see my colour, you should see me as your brother

A strong black man with a proud white mother

But then I see one, it only takes one

Smile, one smile to break through

And then I see one, it only takes one

Hand to reach out and help you
No bullet, no gun

Can't stop the love, can't stop the love

Nobody, no one

Can't stop the love, can't stop the love
Can you feel it? Can you feel it?

Can you feel it? Can you feel it, the love?
No bullet, no gun

Can't stop the love, can't stop the love

Nobody, no one

Can't stop the love, can't stop the love
No bullet, no gun

Can't stop the love, can't stop the love

Nobody, no one

Can't stop the love, can't stop the love
