

A Fool in Love

Whitesnake

I got a woman sweet and mean
Best darn woman I have ever seen
Gypsy blood runnin' through her veins
Lord have mercy now she's drivin' me insane'An I got a woman, a voodoo child
She drives me crazy, she drives me wild
She paint her lips, cat house red
Lord have mercy drive me out of my head(Chorus)
I'm fallin' in love again
Playin' the fool again
Here I sit in my lonely room
Prayin' I won't get fooled again
A fool in love again
A fool in love againI got a woman a heart attack
Love me so hard lady blow my stack
She get down to the bone
Lord have mercy now I'm in the danger zone(Chorus)A fool in love again
Oh no, not again(Guitar Solos)I got a woman won't let me be
Lord have mercy she's so bad for me(Chorus)A fool in love again
A fool in love again
A fool in love again
Woah-oh-oo-oh
Prayin' I won't get fooled again
