

# I Burn

Jeff Williams

Driftin' upward, gently lifting  
Lazy on the wind  
Rollin' over, turnin' slowly  
Beginning and the end  
Fire is bright, fire is clean  
Never so alive  
Smoke is freedom, flame is mercy  
I am free tonight  
And I burn  
I burn  
Stoke the embers, cleanse the spirit  
A prayer in every spark  
Feel the lick of bad religion  
The finish and the start  
In the beginning we were smarter  
And flame was heaven-sent  
Through the ages we got stupid  
  
Now we must repent  
And I burn  
I burn  
Sift the ashes for reminders  
Stony things remain  
Tooth and bone unimpressive  
I have left these things  
Because fire is bright, fire is clean  
Efficient and divine  
Tooth and bone, charms and dolls  
I am free tonight  
I burn the air you breathe  
I burn the air you breathe  
I burn the air you breathe  
I burn, I burn, I burn, I burn
