

State of Emergency

[Joel Fletcher](#)

I hear the sirens scream
Through the smoke
It's getting harder to breathe
I was so naive
Not to see this coming

Emergency I'm falling
Crashing without warning
Can't escape the gravity
'Cause your love got a hold on me

I can't explain this feeling
Like I'm breaking through the ceiling
'Cause darling you got me
In a state of emergency

State of emergency
