

# Hole In The River

## Crowded House

There's a hole in the river where my auntie lies  
From the land of the living to the air and sky  
Left her car by the river left her shoes beside  
Through the thorns and the bushes I hope she was...Dreaming of glory  
Miles above the mountains and plains  
Free at last We were touched by a cold wind, my father and I  
The sound of desperate breathing her fear inside us all  
She was coming to see him but something changed her mind  
Drove her down to the river  
There is no return There's a hole in the river where a memory lies  
From the land of the living to the air and sky  
She was coming to see him  
But something changed her mind,  
Drove her down to the river  
There is no return
