

Killing With Kindness

Tears For Fears

Don't cry for me my baby, don't say a word
Everyone knows you're a dangerous bird
Fly like a golden eagle, sleek like the snow
Ticking your time bomb where ever you go
You're sinking a line without a trace
With elegant crimes against the state
Killing with kindness, yeah
Making the most of the mess, oh yeah
You're mother and childless, yeah, yeah
Just kill them with kindness, yeah, yeah
Bye cruel politician now you've been caught
Came from behind it's a dangerous spot
Green are the seeds of envy, watch how they grow
Everyone knows there's a fire down below
You're sinking a line without a trace
With elegant crimes against the state
Killing with kindness, yeah
Making the most of the mess, oh yeah
You're mother and childless, yeah, yeah
Just kill them with kindness, yeah, yeah
Killing with kindness, yeah
Raising the ghost from the flesh, oh yeah
Don't blind them with science, yeah, yeah
Just kill them with kindness, yeah, yeah
Yeah, yeah
Turn your back
And you might understand
Become your destiny
And you'll be a lucky man
Don't let anything stand in your way
Killing with kindness, yeah
Raising the ghost from the flesh, oh yeah
Don't blind them with science, yeah, yeah
Just kill them with kindness, yeah, yeah
Killing with kindness, yeah
Raising the ghost from the flesh, oh yeah
Don't blind them with science, yeah, yeah
Just kill them with kindness, yeah, yeah
Don't let anything stand in your way
