

# Milkman

## The Shouting Matches

Dont dare might have some nerve  
My time is blazing . I am disparate  
I am disparate  
I am disparate  
With your eyes  
He is my milkman  
He is . got a symptom  
I am disparate  
I am disparate  
I am disparate  
I am disparate  
I am disparateI am disparate  
I am disparate  
I am disparate  
. morning he comes  
Eyes can see through  
There is hole  
. gives it to you  
I can see it .
