Advisory - the following lyrics contain explicit language:

Y'all mythological niggaz is comical
The astronomical is comin' through like the flu bombing you
And embalmin' in your crew too
With the musical mystical magical you know how I do
With word attack skills and vocabulary too
My rendition of this Edition is all brand New
You're through, I make the planetarian like Doctor Who
So WhoBorn to get tripped on, word is bond
I'm kickin' rhymes 'til the A.M. vultures swarm
Not Quincy but I'm Back on the Block and not sellin' crack
I'm comin' in with the fat funk flows and tracks
So what you sayin' black, with all that yackedy yack
My artifacts can't be beat with bats
I'm sayin', I eat up everything up on the menu
And bend you and send you swayin', to be continuedThe most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in yaSpur of the moment opponents are suspects
Caught up in precipitation reign of the techniques
I speak my concepts freak
The ich-ni-son-shi funk figures of speech
Now that shit is in the open, I'm open, tokin', scopin'
Waitin' for the next nigga to get opened on
And break him down like an organic compound
That's the weight of the world as the Earth goes roundNow, how the fuck you sound?
I represent my clique, Microphone Pound
You better pack your leather, dope, or medication for the shakin'
Meditation from the earth-to-quakin' shit that we be bakin'

Never fakin'I gets down for my crown clown
Shakin' the membrane of Encyclopedia Brown
Freakin' the funk in any throw down
While you sustain' to the sounds, up in yaBut the most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in yaI comes down breakin' ground
So back up offa me and sit yo' ass down
Now when I'm on the microphone, I roam through zones
But don't be tryin' this shit at home
No matter what race, creed, color, him or her
I comes cleaner than Jeru and Damage an amateur
As chronical facial disorders occur
I'll assassinate your character's caliberI channel my anger from the double edged banger
And turn into the microphone strangler
Stop tryin' to see where your eyes can't follow
Say goodnight to the world and goodbye to tomorrow
You rave and cuss so it's a must ya get bust
We're not to be fucked with, Toys Ain't Us
For eternity, through infinity
I eternally, get in yaBut the most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in ya
The most beautifullest thing in this world, is just like that
I get in yaWhat you folks want? Yeah
We got the funk, so come on down
What you folks want? Yeah
We got the funk, so come on down
What you folks want?
