Savage Seas (Retribution)

Grip Inc.

I am the beginning of creation
I am the one who gave you life
Depending on 3% of my body, fear me
Or I will grip you from below, to
Saturate you
Suffocate you
Smash the foundation of life
Burn me but only at the surface
Don't waste your sacrifice on me
The damage is done
Choking with black corrosive pollution
Rubbing salt in your wounds, I will arise to
Destroy you
Demolish you
Rip up, the foundation of life
Grip you, from below
Grip you, from below
Annihilate you
Obliterate you
Flood the foundation of life
