Do you rememberZonnique
I was always by your side you had a winner
You can see with love I was a beginner
Don't get it twisted its a brand new dayayayayay
You're a loser(loser) and I must be blind couldnt see it(see it)
Couldnt do right by me easy to replace you
Now you sending me sweet things you can bet i wont fall for it
Now you realize how much you need meBridge
That's what happens when you dont do right dont do right
Outta sight Outta mind
Now you mad caus he got all my time all my time
Now you picture me rollingPre Course
