

# Long Way Down

## Goo Goo Dolls

Oh here you are, there's nothing left to say  
You're not supposed to be that way  
Did they push you out, did they throw you away? Touch me now and I don't care  
When you take me I'm not there  
Almost human, but I'll never be the same Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own I never put you down, I never pushed you away  
You're not supposed to be that way  
And anything you want, there's nothing I could say Is there anything to feel?  
Is it pain that makes you real?  
Cut me off before it kills me Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own I never put you down, I never pushed you away  
Take another piece of me  
Give my mind a new disease  
And the black and white world never fades to gray Long way down, I don't think I'll make it on my own  
Long way down, I don't want to live in here alone  
Long way down, I don't think I'll make it on my own  
On my own, on my own
