

# My Jesus Told Me So

## The Marshall Tucker Band

I guess I'm traveling, my last mile  
Don't feel like, I've got a place to go  
Just been here thinkin', if I got somethin' in this life to show Chorus-  
But I go through life the best way  
And when people ask me how I know  
I just tell them my Jesus, told me so  
I just tell them my Jesus, told me so You hear a lot of stories  
About the life you're supposed to live  
All the sins you've done  
The good Lord will forgive Chorus Maybe I'm wrong  
Nobody knows for sure  
But I live my life the old gospel way Well I guess, I'll soon be dying  
Just like a river, somewhere it stops to flow  
But I know I'm right about life  
And when people ask me how I know  
I just tell them my Jesus, told me so  
I just tell them my Jesus, told me so I just tell them my Jesus, told me so  
He's the only one who really knows  
I just tell them my Jesus, told me so  
He's the only one who really knows  
I just tell them my Jesus, told me so  
I'm gonna look 'em in the eye  
And tell 'em Lord my Jesus told me so
