Freedom Time

Stephen Marley

Everybody knows that they're guilty

Everybody knows that they've lied

Everybody knows that they're guilty

Resting on their conscience eating their insideIt's freedom, said it's freedom time now

It's freedom, said it's freedom time now

Time to get free, oh, give yourselves up now

It's freedom, said it's freedom timeYo, there's a war in the mind, over territory for the dominion

Who will dominate the opinion, skisms and isms

Keepin' us in forms of religion, conformin' our vision

To the world churches decision trapped in a section

Submitted to committee election, moral infection

Epidemic lies and deception, insurrection of the highest possible order

Distortin' our tape recorders from here and like under water

Beyond the borders fond of sin and disorderBound by the strategy, it's systematic depravity, heavy as gravity

Head first in the cavity, without a bottom, a fate worse than Sodom

What's got 'em drunk of the spirits, truth comes, we can't hear it

When you've been, programmed to fear it

I had a vision, I was fallin' in indecision

Apollin', callin' religion, some program on television

How can dominant wisdom be recognized in the system

Of Anti-Christ, the majority rules intelligent fools, PhD's in illusion

Masters of mass confusion, Bachelors in past illusionNow who you choosin', the head or the tail, the bloodshed

of male

Or confidence in the veil, conferences of Yale

Discussin' doctrines of Baal, causin' people to fail

Keepin' the third in jail, His word has nailed

Everything to the tree, severing all of me from all that I used to be

Formless and void, totally paranoid, enjoy darkness as the Lord

Keepin' me from the sword, blocked from mercy, bitter than Ceres

Hungry and thirsty, for good meat we would eat

And still dined at the table of deceit, how incompleteFrom confrontation to retreat, we prolong the true enemies

defeat

Destitute a necessity causin' desperation to get the best of me

Punishment 'til there was nothing left of me

Realizin' the unescapable death of me

No options in the valley of decision

The only doctrine, supernatural circumcision

Inwardly only water can purge the heart, from words, the fiery darts

Thrown by the workers of the arts, iniquity, shapen in There's no escapin' when you're whole philosophy is

paper thin

In vanity, the wide road is insanity, could it be all of humanity?

Picture that, scripture that, the origin of man's heart is black

How can we show up for an invisible war

Preoccupied with a shadow, makin' love with a whore

Achin' in sores Babylon, the great mystery

Mother of human history, system of social sorcery

Our present condition needs serious recognition

Where there's no repentance there can be no remissionAnd that sentence, more serious than Vietnam

The atom bomb and Saddam and Minister Farakkhan

What's goin' on, what's the priority to you?

By what authority do we do the majority hasn't a clue

We majored in curses, search the chapters, check the verses

Recapture the land, remove the mark from off of our hands

So we can stand in agreement with his command

Everything else is damned, let them with ears understand

Everything else is damned, let them with ears understandIt's freedom, said it's freedom time now

It's freedom, said it's freedom time now

It's freedom. I'ma be who I am

It's freedom time, said it's freedom time

Everybody knows that they've liedEverybody knows that they've perpetrated inside

Everybody knows that theyre guilty, yes

Resting on their conscience eating their insides

Get free, be who you're supposed to be

Freedom, said it's freedom time now

Freedom, said it's freedom time

Freedom, freedom time now
