

# In & Out Of Love

Imx

Yeah, I'm so tired of seeing you like this  
All stressed out, don't know what to do  
I know, I'm everything that you want and you need  
So why you staying with him  
When you need to be with me  
Ya know, well hey listen up  
What did he do? What did he say?  
To make you feel this way, no way, no how  
He didn't love you in the first place  
(He didn't love you, no, no, no)  
He must have been foolish  
To let a love like yours slip away  
So wonderful and so beautiful  
He would never know, oh no, oh no  
What would it take to make you leave?  
'Cause he's not really what you need  
So go on and tell him that you wanna be with me  
You're going in and out of love  
Know you had about enough  
So now I don't know what to do  
'Cause I'm so in love with you  
Girl, don't you know  
Come on and let me take your hand  
Let me take you far away from him  
You say your tired of him so try my love  
You say you want a real man, well, I'm the one  
He broke your heart, say bye  
Girl, you need to be with me  
'Cause I'm all you'll ever need  
What would it take to make you leave?  
'Cause he's not really what you need  
So go on and tell him that you wanna be with me  
You're going in and out of love  
Know you had about enough  
So now I don't know what to do  
'Cause I'm so in love with you  
Girl, don't you know  
Don't you know you need a man?  
Someone who cares and understands

Girl you don't need that other man  
'Cause I'm everything you'll ever need  
Girl, don't you know he puts you down  
So tell him that you want me now  
He broke your heart, say goodbye  
What would it take to make you leave?  
'Cause he's not really what you need  
So go on and tell him that you wanna be with me  
You're going in and out of love  
Know you had about enough  
So now I don't know what to do  
'Cause I'm so in love with you  
Girl, don't you know
