Kicking and Screaming

Rustic Overtones

A clown is the reason for this pain
The fawn they were teasing grew antlers out of it's brain.
A clown is the reason for this pain.
The dawn is a season and all the season's done is rain.
A clown is the reason for this pain.
It's not so funny when it's inside jokes he's playing.
A clown is the reason for this pain.
Down on knees in laughter gonna need those knees for praying.
Kicking and screaming, you kick and scream.
It was a jerk who put in this work.
I went from crying to smirk in just a couple of days.
The creep that I was last week , that you treated so cheap
turned to an uglier phase. Whoah oh!
Everyone loved the bully that you were, but bridges you burned
come farther down your path.
i am that clown and i'm leaving town but before I do
I'll see you around and I'll get the last laugh.
Kicking and screaming, you kick and you scream.
A clown is the reason for this pain.
The fawn that you were teasing grew antlers out of it's brain.
A clown is the reason for this pain.
The dawn is a season and all that season's done is rain.
A clown is the reason for this pain.
It's not so funny when it's inside jokes he's playing.
A clown is the reason for this pain.
Down on knees in laughter gonna need those knees for praying.
Kicking and screaming, you kick and scream.
